COACH LEDBETTER

I have been coaching sports most of my life. The last six years I have been coaching kickers & punters at Rockford High School where I have guided my last three kickers into the MHSAA (Michigan High School Athletic Association) record books ten times! Check it out! Go to <http://www.mhsaa.com/games/recfb.html>. Look under "Field Goals" & "Extra Points". This past three seasons have included (Back to Back) **Division I State Championships in 2004 & 2005 and runner up in 2006!**

I kicked in high school and at the semi-pro level and have been to some of the best kicking & punting clinics in the country! My experience gives me a keen insight to the mechanics and mental aspect of kicking and punting. My style of coaching, as evidenced by my record and the record of my past kickers, also breeds consistency and accuracy! Our camps are well staffed with past kickers and punters from all levels to help you!

I hope you will sign up and give me the opportunity to help you become a more consistent and accurate kicker or punter! Nothing pleases me more then to hear about the successes of my campers and to hear the words "It's Good!"!

Looking forward to seeing YOU this summer!

Featured Guest Coach!

David Rysko

This will be David's third year at our camp! (by popular demand) David was a three year starting punter for Eastern Michigan University from 2001-2003. As our featured guest coach he will instruct our campers with all aspects of punting, both mentally and physically. David had a 77 yard punt in college and a 84 yard punt in high school.
